**TOOL**

OR

CRIME FIGHTING

**TALK**

**BACKGROUND** Some Law Enforcement say that concealed carry laws (in Blue Democrat Cities) are an effective tool in the belt of officers who (1) spot individuals with obvious signs of weapons and (2) make stops, which then lead to arrests.

**QUESTION** What good are restrictive concealed carry laws to (1) spot individuals with apparent signs of weapons and (2) stop and arrest them, only to be let out of jail, again and again, by the Liberal Democrat Justice System?

**SUMMARY** Restrictive Concealed Carry Laws are not Crime Fighting **Tools**, but Crime Fighting **Talk**. Similarly, "Gun-Free Zones" are not **Tools** to fight crime, but just **Talk**. However, Constitutional Concealed Carry (via the 2nd Amendment) is a Real and Effective **Tool** that can fight crime, not **Talk**.
