

The 2nd Amendment

SECOND AMENDMENT: A well regulated Militia, being necessary to the security of a free State, the right of the people to keep and bear Arms, shall not be infringed.

Translated into Modern-Day English

#1 - A Well Regulated Militia means both the Army, the Militia of Citizens, and even the local Police.

#2 - The Militia means "armed".

#3 - The People does **NOT** mean "armed."

#4 - Thus, the 2nd Amendment is necessary for a Free People.
